Index to Volume 91

Subject index

Adhesion
Induction of adhesion molecule expression in liver ischaemia-reperfusion injury is associated with impaired hepatic parenchymal microcirculation, 1034

Adrenalectomy
Laparoscopic adrenalectomy, 1259

Anal canal
Disappointing long-term results of the artificial anal sphincter for faecal incontinence, 1352
Functional and physiological outcome following transanal repair of rectocele, 1340
Long-term outcome following loose-seton technique for external sphincter preservation in complex anal fistula, 476

Anatomy
Comparison of extra-anatomic bypass grafting with angioplasty for atherosclerotic disease of the supra-aortic trunks, 1453

Aneurysm
Glasgow Aneurysm Score as a predictor of immediate outcome after surgery for ruptured abdominal aortic aneurysm, 1449
Increased nitrotyrosine production in patients undergoing abdominal aortic aneurysm repair, 1146
Interleukin 6 production during abdominal aortic aneurysm repair arises from the gastrointestinal tract and not the legs, 1153
Outcome of abdominal aortic aneurysm repair in the era of endovascular treatment, 563
Randomized clinical trial of intraoperative autotransfusion in surgery for abdominal aortic aneurysm, 1443

Anorectal
Surgical management of primary anorectal melanoma, 1183

Anus
Chronic anal fissure, 270
Outcome after implantation of a novel prosthetic anal sphincter in humans, 1485
Resection of the rectum and total excision of the internal anal sphincter with smooth muscle plasty and colonic pouch for treatment of ultralow rectal carcinoma, 1506
Working capacity and resting energy expenditure after ileal pouch-anal anastomosis, 618

Aorta
Aortic dissection, 523
Genetic approach to the role of cysteine proteases in the expansion of abdominal aortic aneurysms, 86
Glasgow Aneurysm Score as a predictor of immediate outcome after surgery for ruptured abdominal aortic aneurysm, 1449
Glasgow Aneurysm Score as a predictor of immediate outcome after surgery for ruptured abdominal aortic aneurysm, 1449
Increased nitrotyrosine production in patients undergoing abdominal aortic aneurysm repair, 1146
Interleukin 6 production during abdominal aortic aneurysm repair arises from the gastrointestinal tract and not the legs, 1153
Outcome of abdominal aortic aneurysm repair in the era of endovascular treatment, 563
Randomized clinical trial of intraoperative autotransfusion in surgery for abdominal aortic aneurysm, 1443

Appendix
Meta-analysis of the clinical and laboratory diagnosis of appendicitis, 28
Right hemicolectomy does not confer a survival advantage in patients with mucinous carcinoma of the appendix and peritoneal seeding, 304
Treatment of peritoneal carcinomatosis from adenocarcinoid of appendiceal origin, 1168

Artery
D-dimer testing in patients with suspected acute thromboembolic occlusion of the superior mesenteric artery, 991
Haemodynamic effect of intermittent pneumatic compression of the leg after infrainguinal arterial bypass grafting, 429

Audit
Autopsy findings from 111 deaths in the 1999 Athens earthquake as a basis for auditing the emergency response, 1633
Early impact of centralization of oesophageal cancer surgery services, 1630
Meta-analysis of the clinical and laboratory diagnosis of appendicitis, 28
Meta-analysis of non-sentinel node metastases associated with micrometastatic sentinel nodes in breast cancer, 1245
Meta-analysis of randomized clinical trials of colorectal surgery with or without mechanical bowel preparation, 1125
Meta-analysis of short-term outcomes after laparoscopic resection for colorectal cancer, 1111
POSSUM and P-POSSUM for risk-adjusted audit of patients undergoing emergency laparotomy, 500
Systematic review and meta-analysis of controlled trials assessing spinal cord stimulation for inoperable critical leg ischaemia, 948
Validation of POSSUM scoring systems for audit of major hepatectomy, 450

Axilla
Randomized clinical trial comparing level II and level III axillary node dissection in addition to mastectomy for breast cancer, 38

Copyright © 2004 British Journal of Surgery Society Ltd
Published by John Wiley & Sons Ltd

Bile duct
Bile duct cysts in adults, 1538
Presentation, treatment and outcome in patients with ampullary tumours, 1600

Blood
Detection of circulating oesophageal squamous cancer cells in peripheral blood and its impact on prognosis, 1055
Infection of patients by bloodborne viruses, 395

Breast – cancer
Diagnostic delay in breast cancer, 49
Interleukin 7 induces the growth of breast cancer cells through a wortmannin-sensitive pathway, 61
Meta-analysis of non-sentinel node metastases associated with micrometastatic sentinel nodes in breast cancer, 1245
Positron emission tomography in the staging and management of breast cancer, 1398
Randomized clinical trial comparing level II and level III axillary node dissection in addition to mastectomy for breast cancer, 38
Randomized clinical trial comparing radioisotope occult lesion localization and wire-guided excision for biopsy of occult breast leasions, 1575
Sentinel node micrometastasis in breast cancer, 1241
Serum levels of soluble E-selectin in women with breast cancer, 1578
Survival after treatment for breast cancer in a geographically defined population, 1307

Breast – reconstruction/plastics
Subaxillary dermocutaneous fat flap for reconstruction of the upper outer quadrant of the breast following conservation surgery, 69

Carcinoma
Liver transplantation for hepatocellular carcinoma, 131
Prognostic significance of serum vascular endothelial growth factor and endostatin in patients with hepatocellular carcinoma, 1354
Therapeutic strategy for signet ring cell carcinoma of the stomach, 1319

Colon – malignant
Microvessel density, cyclo-oxygenase 2 expression, K-*ras* mutation and p53 overexpression in colonic cancer, 355
Randomized clinical trial of the costs of open and laparoscopic surgery for colonic cancer, 409

Colon – miscellaneous
Differential effect of nitric oxide synthase inhibition on sigmoid colon longitudinal and circular muscle responses to nicotine and nerve stimulation *in vitro*, 229

Colon – surgery
Adverse histopathological findings as a guide to patient management after curative resection of node-positive colonic cancer, 349
Right hemicolectomy does not confer a survival advantage in patients with mucinous carcinoma of the appendix and peritoneal seeding, 304

Colorectal
Development of a dedicated risk-adjustment scoring system for colorectal surgery (colorectal POSSUM), 1174
Interobserver variability in the pathological assessment of malignant colorectal polyps, 1479
Meta-analysis of randomized clinical trials of colorectal surgery with or without mechanical bowel preparation, 1125
Preliminary results of intraperitoneal chemohyperthermia with oxaliplatin in peritoneal carcinomatosis of colorectal origin, 455
Randomized clinical trial of the effects of immediate enteral nutrition on metabolic responses to major colorectal surgery in an enhanced recovery protocol, 1138

Colorectal cancer
Assessment of outcomes after colorectal cancer resection in the elderly as a rationale for screening and early detection, 1345
Emergency presentation of colorectal cancer is associated with poor 5-year survival, 605
Factors influencing survival after resection of pulmonary metastases from colorectal cancer, 1066
Influence of volume and specialization on survival following surgery for colorectal cancer, 610
Intraperitoneal chemohyperthermia and attempted cytoreductive surgery in patients with peritoneal carcinomatosis of colorectal origin, 747
Meta-analysis of short-term outcomes after laparoscopic resection for colorectal cancer, 1111
Percutaneous radiofrequency ablation of pulmonary metastases in patients with colorectal cancer, 217
Predicting the survival of patients with peritoneal carcinomatosis of colorectal origin treated by aggressive cytoréduction and hyperthermic interperitoneal chemotherapy, 739
Preoperative probability model for predicting overall survival after resection of pulmonary metastases from colorectal cancer, 112
Prospective study of contrast-enhanced computed tomography, computed tomography during arterioportography, and magnetic resonance imaging for staging colorectal liver metastases for liver resection, 1361
Systematic review of genetic influences on the prognosis of colorectal cancer, 1275
Tumour-infiltrating lymphocytes in colorectal cancer with microsatallite instability are activated and cytotoxic, 469

Colostomy
Diagnostic laparoscopy and diverting sigmoid loop colostomy in the management of civilian extraperitoneal rectal gunshot injuries, 460

Complication
Development of symptoms and complications in individuals with asymptomatic gallstones, 734
Late complications after ligation and bypass for popliteal aneurysm, 174
